

GRC board

THE FINEST CHOICE IN FIBER CEMENT BOARD

COMPANY PROFILE

member of:

Manufactured by:
PT. Bangunperkasa Adhitamasentra

Bangunperkasa Adhitamasentra is a pioneer fiber cement board manufacturer in Indonesia with the brand "GRC board". The first plant was located in Citeureup, west Java, this plant was established since 1992 and have started the production in 1994, and because of the increasing of customer's satisfaction to GRC board products, we established the second plant in 2010, which was located at Karawang, to meet the demand of the market. The technology that is applied is from Japan, and our product quality is of International standard.

Other than replacing the function of plywood & gypsum board, GRC board product makes beautiful the building and requires minimum maintenance.

GRC board is very suitable for any kind of application such as: ceiling, partition, underlay roof, cubical toilet, cladding, façade, flooring and decorative wall. GRC board product offers the best quality, strength that is required, easy to apply and economical.

Our factory is supported by independent R&D Department that focus on process and product development. Learning from our experiences in more than two decades, we manufactured and adjust our product to fulfill the demand and the developments of the market, and always put quality and customer service is our top priority.

GRC Board has advantages:

1. 100% No Asbestos content
2. Strong and resistant to impact
3. Resistant to water and humidity
4. Resistant to fire
5. Resistant to fungi
6. Resistant to termites
7. Soundproof
8. Smooth surface and easy to paint
9. Easy application with nail or screw

The certification that has been obtained by GRC board is:

1. ISO 9001: 2015 for design/development and manufacture of non asbestos fiber cement boards
2. Fire resistance, depends on the result of the SNI 1741-2008 equal to JIS 1304
3. ISO 140: Measurement of sound Insulation in building and Buildings element
4. SNI 8299 Non asbestos flat cement board
5. Green Label Certificate from Green Product Council Indonesia

And has received several awards such as:
